Thank you Edgar! On reflection, I was seeing us doing a lot of unnecessary work, that would have to be re-done, and which would not provide the proper structure or protections for either party, when doing it right the first time was relatively easy. A new 501c3 would be the solution.

Hi Donald,

I am fine with a corporate structure, 501c3, for WSFM. I assume Les is too. I'll be on a short trip, returning Monday. I can begin the application on my return. No need to lose sleep!

Have a great weekend,
Edgar

Our discussion this afternoon of the 501c3 structure for the new WSFM has left me unsettled enough that sleep will not come until this email is sent. And that unsettledness is deteriorating as the time to reflect lengthens.

The last time I organized a 501c3, it was through Legal Zoom and the cost was about \$900. The needed articles of incorporation, "bylaws", name reservation, State filing, etc were all provided. They might even provide expedited, "next day" service for an extra fee. Their standard turn around time is within a relatively short period, a week or so, as I recall. Thus we will have the proper names, etc to allow proper licensing, permitting, insurance coverage, liability protections, and a fire wall protecting WVC and WTC BID.

We should NOT proceed with continued formation of WSFM in an unclear manner.

If we can't all agree here, let's STOP filing any more applications, licenses,

etc. until we can meet again and resolve this issue. Better to delay than to commit such significant errors.

Edgar, can you go on Legal Zoom tomorrow? These costs will be reimbursed from WSFM.

Thanks to all for your consideration. Let me know your thoughts.
